Thursday, September 26, 2024

FAIR data management: FAIR Data Management - Hybrid event (9:25 AM - 10:25 AM)

-Conveners: Stuart Campbell

time	[id] title	presenter
9:25 AM	[139] Extending FAIR data management with processed data integration in the ESRF data portal	BODIN, Marjolaine
9:40 AM	[126] Tiled in the Context of Data and Metadata Services	ALLAN, Dan
9:55 AM	[47] The Data Catalogue service and use case at SESAME	ALMOHAMMAD, Malik
10:10 AM	[156] Rolling out a sample lifecycle and experimental data catalog at SOLEIL	ABEILLÉ, Gwenaëlle

FAIR data management: FAIR Data Management - Hybrid event (10:55 AM - 12:10 PM)

-Conveners: Majid Ounsy

time	[id] title	presenter
10:55 AM	[16] DOMAS: a data management software framework for advanced light sources	HU, Hao
11:10 AM	[115] Latest news from the SciCat ecosystem: ElasticSearch integration and Job sub-system	NOVELLI, Massimiliano
11:25 AM	[15] Navigating the Data Patchwork: Strategies for Integrating Metadata Catalogs, Data Publications, and Archives	KNODEL, Oliver
11:40 AM	[108] ALBA: Towards FAIR data management principles	VALLCORBA, Oriol
11:55 AM	[147] The data pipeline for the European Spallation Source ERIC	BOLMSTEN, Fredrik

FAIR data management: FAIR Data Management - Hybrid event (2:10 PM - 2:40 PM)

-Conveners: Alun Ashton

time	[id] title	presenter
2:10 PM	[124] Ontological definition of experimental techniques for FAIR data	DE NOLF, Wout
2:25 PM	[88] DRACO-HELIPORT integration for metadata enhanced data-acquisition	LOKAMANI, Mani
